

The Way it Was Meant To Be

Clear your mind of **can't**

GRAND CHAMPION MARKET BARROW, 2013 MISSOURI STATE FAIR

Congratulations to Abbe Gibson and Family for exhibiting this outstanding barrow at Sedalia.

Congratulations to Matt Rohrig for producing this N-Fusion x Hillbilly Bone champion.

You know, once upon a time, showing pigs was simple. Families bought pigs, took them home – fed, cared and groomed them for the fair. Where, in the shuffle, did we lose that tradition?

This champion barrow was purchased off the farm in April. He was taken back to Eagleville, Mo., and put in his pen. There, he stayed until time to go to the fair. He was fed ESP Show Grower until he weighed about 120 pounds, then switched to ESP Main Event 16/5 until his desired show weight. 14 days before the show he was put on two ounces of ESP Muscle Maker and one pound of ESP Body Builder, and on show day at Sedalia – that was what he was eating. No \$200 buckets of fluff to make him better. No supplement to make sure he can walk – nothing but high-quality feed along with a lot of tender-loving care.

UNDERSTAND, WE FIRMLY BELIEVE THAT WITH A SOUND, STRAIGHT-FORWARD NUTRITION PROGRAM FROM ESP, ALONG WITH HARD WORK, DISCIPLINE AND INTEGRITY FROM THE YOUNG PEOPLE INVOLVED, AND YES, SPRINKLE IN A TOUCH OF GOOD LUCK, you will compete at the highest level.

JUST IN

From the Colorado State Fair:
Congratulations to Rayna
Hodgson and Family.
Champion Duroc Barrow
Champion Chester Barrow
Champion & Res. Champion
Yorkshire Barrows

Job well done!
